- From Spring to Fall, we welcomed our campers in 9 camp sessions. Our Bereavement Camp that offers a supportive environment to those families who have lost their child, turned 10 years old. We launched the School Outreach Programs also in Slovakia and Czechia, and with our GO! program we bring the healing power of joy to the hospital setting in Szeged as well.

- We launched the **'Above the Clouds' online magazine.** With the contribution of experts, we regularly share contents on how to strengthen and preserve mental health.

- Thank you for all our volunteers! Altogether in the 4 countries where we operate, we organized our programs with 653 enthusiastic and trained volunteers. On average, 1 volunteer took part in 3 programs.
